

# HYUNDAI VELOSTER

## INCL. TURBO MODELS

**Activate More Grip to your Veloster or Veloster Turbo with Whiteline!** Now available for this FWD sport compact is front and rear updated sway bars featuring a 3 point 26mm adjustable front bar and DIY friendly 18mm rear sway bar to neutralize understeer and dial in flatter, smoother and sharper cornering.

Also available is a range of alignment products to fine tune the front end for dramatic improvements to handling, steering feedback and response. This range include front strut camber bolts and Whiteline's famous anti lift caster kit both optimising alignment settings for added performance. Whiteline chassis control bushings are also available for the front lower control arm and the range is complete with front adjustable sway bar links to complement the larger front bar.
